May 11, 2007, Burlington, MA - HCM opened its doors Monday evening, May 7, for its Open House/Facility Tour. Turnout was strong at the BIO2007 affiliated event which showcased the company's state-of-the-art facility as well as its latest acquisition, a BOC Edwards LyoMax3 lyophilization unit.

Sponsors for this year's event included West Pharmaceutical Services, BOC Edwards Pharmaceutical Services Inc., Clean Air Technologies Inc., Sartorius Corp., Optima Group Pharma., Daikyo Seiko and Overlook industries, Inc. In appreciation for their support, event sponsors received recognition in all related advertising media and were given the opportunity to display their products and services at the Open House/Facility Tour.

Invited speakers for the evening included Massachusetts State Representatives Tom Conroy and Charles Murphy and other local dignitaries.

Additionally, representatives from West Pharmaceuticals and HCM gave technical presentations on topics including "Providing Unique Solutions to Pharmaceutical Packaging Challenges," as well as "Applications and Advantages of Bubble-free filling™ in Prefilled Syringes."

For information on future events and services at HCM, visit the company's website at [www.hyaluron.com](http://www.hyaluron.com).
